

## OVERVIEW

Scientific and Technical Visualization (SciVis) is the representation of complex scientific and/or technical concepts in a visual form. Participants use either 2D or 3D computer graphics tools and design processes to communicate, inform, analyze, and/or illustrate a STEM topic, idea, subject, or concept.

## ELIGIBILITY

Participants are limited to three (3) teams per state, one (1) entry per team. Collaborative work is strongly encouraged, but an individual may participate solo in this team event.

## TIME LIMITS

- A. Entries must be started and completed during the current school year.
- B. The visualization is to be two to four (2-4) minutes in length. There will be a five (5)-point deduction for each fifteen (15) seconds under two (2) minutes or over four (4) minutes.
- C. The visualization time length is calculated from the start of the first image or sound to the end of the last image or sound.
- D. Semifinalists are given ten (10) minutes to present their visualization to the judges.
- E. The semifinalist LEAP interview will be conducted as part of each semifinalist presentation and will last a maximum of five (5) additional minutes.

## LEAP LEADERSHIP RESUME/INTERVIEW

A Team LEAP Leadership Resume is required for this event and must be submitted at event check-in. Semifinalists will respond to interview questions related to their submitted LEAP Resume for a maximum of five (5) minutes. A team competing in this event will use the *Team LEAP Leadership Resume* template; an individual competing in this event will use the *Individual LEAP Leadership Resume* template.

 Scientific visualization has come a long way in recent years. With this event TSA members can demonstrate their skills in using sophisticated, advanced technology to illustrate ideas of their choice.

## ATTIRE

Competition attire, as described in the [National TSA Dress Code](#) section of this guide, is required for this event.

## PROCEDURE

- A. Participants check in their entries and submit a LEAP Leadership Resume at the time and place stated in the conference program.
- B. Visualizations must be turned in on a USB flash drive in either an MPEG or Quick Time file format.
- C. Each visualization must advance automatically once it has been opened and started by evaluators.
- D. Entries are reviewed by evaluators. Neither students nor advisors are present at this time. A semifinalist list in random order is posted.
- E. No more than two (2) representatives from each semifinalist team may report to the event area for the presentation at the time and place stated in the conference program.
- F. Each semifinalist team explains its portfolio to the evaluators, discussing the purpose, value, research and design, and development process of its work.
- G. The semifinalist LEAP interview will be conducted as part of each semifinalist presentation and will last a maximum of five (5) additional minutes.

 Read the General Rules and Regulations section in the front of this guide for information that applies to all of TSA's competitive events.

**It is essential that students and advisors routinely check the TSA website ([www.tsaweb.org](http://www.tsaweb.org)) for updated information about TSA general rules and competitive events. This information is found on the website under [Competitions/Updates](#). When students participate in any TSA competitive event, they are responsible for knowing of updates, changes, or clarification related to that event.**

## REGULATIONS

- A. A USB flash drive must be submitted with the documentation materials at check-in. Documentation materials (comprising a "portfolio") are required and should be secured in a clear front report cover. The report cover must include the following single-sided, 8½" x 11" pages, in this order:
  1. USB flash drive (containing the visualization) in a secure holder or sealed sleeve at the front of the portfolio.

2. Title page with the event title, the conference city and state, and the year; one (1) page
  3. Table of contents; pages as needed
  4. Purpose of visualization; one (1) page
  5. Hand-sketched storyboard that documents the flow and progression of the visualization with written notes; special effects, audio cues, dialogue, transitions, and scene duration should be incorporated into the storyboard; pages as needed
  6. Written description of what the visualization illustrates or demonstrates; one (1) page
  7. List of references that includes sources for materials, copyrighted and otherwise; pages as needed. The term "Fair Use" and similar terms are not acceptable citations when creating the list of references.
  8. Permission letters for copyrighted material; pages as needed
  9. List of software and hardware used in the development of the visualization; one (1) page
  10. Plan of Work log that indicates preparation for the event, as noted by date, task, time involved, team member responsible, and comments (see Forms Appendix or TSA website); one (1) page
  11. Completed and signed Student Copyright Checklist (see Forms Appendix or TSA website); one (1) page
- B. The visualization may be an animation, such as a biological cell dividing or a group of static images that explain the concept. No posters or models will be accepted. Live action video is not allowed, including "whiteboard" style entries. All work must be included in the portfolio and on a USB flash drive.
- C. The visualization is not to be under two (2) or over four (4) minutes in length. There will be a five (5)-point deduction for each fifteen (15) seconds under the minimum time or for each fifteen (15) seconds over the maximum time.
- D. Sound may accompany the visualization.
- E. All entries must be the original work of the participant or team. Where applicable, all ideas, text, images, and sound from other sources must be cited. If copyrighted material is used, proper written permission must be included. **NOTE: Failure to follow this procedure results in disqualification.** Absolutely no purchased content may be used in any part of the visualization. (Purchased content includes, but is not limited to, texture, models, and royalty free music.)

- F. The semifinalist presentation team may involve no more than two (2) members.
- G. All entries become the property of TSA, Inc. and will not be returned after judging.
- H. LEAP Leadership Resume (see Forms Appendix or TSA website)/Interview — Teams document, in the LEAP leadership resume (see resume template), the leadership skills that the team has developed and demonstrated while working on this event. Semifinalists will respond to questions about the content of their resume as part of their LEAP interview. The LEAP Leadership Resume/Interview guidelines and other resources can be found on the [TSA website](#). A team competing in this event will use the *Team LEAP Leadership Resume* template; an individual competing in this event will use the *Individual LEAP Leadership Resume* template.

## EVALUATION

Please refer to the official rating form for more information.

NOTE: The LEAP requirements will also be evaluated.

## EVENT COORDINATOR INSTRUCTIONS

### PERSONNEL

- A. Event coordinator
- B. Assistant for check-in, one (1)
- C. Evaluators, two (2) or more for initial review of entries
- D. Evaluators, two (2) or more for semifinalist interviews

### MATERIALS

- A. Coordinator's packet, containing:
  - 1. Event guidelines, one (1) copy for the coordinator and for each evaluator
  - 2. TSA Event Coordinator Report
  - 3. List of evaluators/assistants
  - 4. Pre-populated flash drives for evaluators
  - 5. Results envelope
  - 6. Envelope for LEAP Leadership Resumes
  - 7. LEAP Interview Judging Protocol
- B. Tables for entries
- C. Tables and chairs for initial evaluators
- D. Tables and chairs for semifinalist evaluators and participants
- E. Extension cords and power-bars with protection for evaluators, as needed

### RESPONSIBILITIES

- A. Upon arrival at the conference, report to the CRC room and check the contents of the coordinator's packet. Review the event guidelines and check to see that enough evaluators/assistants have been scheduled.
- B. Inspect the area(s) in which the event is being held for appropriate set-up, including room size, chairs, tables, outlets, etc. Notify the event manager of any potential problems.
- C. One (1) hour before the evaluation of entries is to begin, meet with evaluators and check-in personnel to review time limits, procedures, and regulations. If questions arise that cannot

- be answered, speak to the CRC event manager before the evaluation begins.
- D. Check in the entries and the LEAP Leadership Resumes at the time stated in the conference program. Notify the event manager immediately of any team that is not on the coordinator's report. Determine if the team in question is properly registered.
  - E. Evaluators independently assess the entries.
  - F. For participants who violate the rules, the decision either to deduct 20% of the total possible points or to disqualify the entry must be discussed and verified with the evaluators, event coordinator, and a CRC manager.
  - G. The number of evaluators depends upon the number of entries. Each group of evaluators averages its scores to determine the top four (4) entries from the initial group of twenty (20) entries. The top four (4) entries from each evaluator group are then reviewed by a different group of evaluators. These four (4) scores are then averaged to determine the twelve (12) semifinalist teams to be interviewed.
  - H. Evaluators determine the twelve (12) semifinalist teams. Submit the semifinalist results to the CRC for posting.
  - I. Semifinalists report to the event area at the time and place stated in the conference program. Each semifinalist team signs up for a time to present its visualization. During the presentation, the semifinalist team representatives will explain their work and answer any questions the evaluators may ask. As part of the semifinalist presentation, semifinalists will participate in a LEAP interview that will last a maximum of five (5) additional minutes.
  - J. Evaluators independently assess the twelve (12) semifinalists to determine the ten (10) finalists and their ranking. Evaluators discuss and break any ties.
  - K. Review and submit the finalist results and all items/forms in the results envelope to the CRC room.
  - L. Collect all USB flash drives and portfolios and give them to the event manager.
  - M. If necessary, manage security and the removal of equipment and materials from the area.
